SYMPATHETIC HEART DISEASE OFTEN ATTEMPS IT.

From the Republican, Cedar Rapids, Iowa. Mrs. V. Curley, who has resided in Clar-Iowa, for the past twenty-two years, tells an interesting story of what she cor siders rescue from premature death. Her narrative is as follows:

"For ten years prior to 1991, I was a con-ant sufferer from acute stomach trouble, had all the manifold symptoms of acute spensia, and at times other troubles were and time and again I was obliged to call a doctor in the night to relieve sudden at-tacks of suffocation, which would come on without a moment's warning.

One doctor said I can do to relieve your suffering is by the use of oplum.'

STRONG LOCAL AGREEMENT.

SIGNED BY LINES EAST AND WEST OF THE MISSOURI RIVER.

Representatives of Kansas City Roads Will Try to Keep Passenger Rates From Becoming Demoralized Every Few Days.

The local passenger association was formally reorganized jesterday, when the new agreement, the formation of which ger agents of Western lines, was signed by the Kansus City representatives of lines both east and west of the river. The agreement is the strongest ever en-

tered into between the rationals of this city. Its carticular strength lies in the fact in through rate competition at this point.

Another point of special importance is that the agreement is entirely local in character. Hitherto the agreements, with few exceptions, have been contingent upon the general management of the Western Passenger Association. The general officers have at last come to the wise conclusion that their representatives are better equipped to handle the Kansas City situation than those officers are, from their more distant point of view, and they have accordingly given them full scope to form their own agreement. This has simplified matters greatly, and while many of the points of the old agreement have been retained without change, and while comparatively few new clauses have been added, the form signed yesterday is less cumbersome and less involved than was that which was outlined by the Western Passenger Association and formerly adopted in this city.

The new association is still without a secretary and a meeting will probably be in through rate competition at this point,

In this city.

The new association is still without a secretary and a meeting will probably be held in a day or two for the purpose of electing that officer. The most likely candidate, of course, is George H.
